HEALTHY *and* READY *for* SUCCESS

Children who:

Are Born Healthy | *Are Insured* | *Receive Preventative Care*

▶ have the best chance to achieve their best health and thrive.

Unfortunately, not all children have the same chance to be healthy.

Rural | Low-Income | Children of Color

are more likely to encounter preventable barriers to good health.

In Bertie County

4.4% of children are uninsured

63.7% are poor or low-income

African American babies are **2.6x** more likely to be born premature.

If left unaddressed these preventable barriers can become permanent roadblocks:

Educational Challenges | Delayed Development | Social & Emotional Challenges

Let's ensure that more Bertie children are HEALTHY *and* READY *for* SUCCESS!

- ✓ *Increase health insurance access for low-income adults of reproductive age.*
- ✓ *Ensure children's access to health insurance.*
- ✓ *Strengthen public policies to promote health equity.*
